

# Cinci360

**Company Overview** Cinci360 brings a decade of corporate IT experience to the 3D Modeling industry. We customize any 3D Visualization project for our clients' needs including architecture, construction, security, insurance documentation, retail, or real estate applications. Our 3D modeling services provide operational and cloud collaboration benefits for every industry.

## Designations

DUNS: 116670255  
Cage Code: June 2019  
NAICS: 541340, 541511, 541922  
UNSPSC: 43232614, 81151601  
WBENC: WBE1802343  
WOSB: June 2019  
PSC Code: T008, T009, C212

### Core Competencies (5 max, more SAR)

- 3D Site Survey & Visualization projects
- Field Measurements
- Point Cloud CAD Deliverables
- Data Integration with Google Maps, Realtor.com, VRBO, & more.
- Floor Plans & Virtual Staging
- Self-hosting 3D tour options
- 3D Retail Product renderings
- 360 Product View integration

### Market Differentiators (5 max more SAR)

- Reality Capture Experts co-founder, a national network of service providers
- Leverage Search Engine Optimization and content marketing for high conversion rates
- Extensive Competitive Analysis
- Google certified business partner
- Backlink Campaign Expert
- Google Webmaster Tools Expert
- Google Maps Instant Verifier
- Grow with Google city partner
- Google Certified master photographer and top1% contributor (2017, 2018, 2019) with over 4,000 photos and 40,000,000 views.

### Industry Use Cases

- 3D Interactive content marketing increases website latency times and is an effective sales/recruitment tactic.
- Architectural CAD renderings utilizing Cloud computing for global collaboration.
- Site documentation for asset management, insurance claims, and risk management.
- Disaster recovery & crime scene documentation.
- Forward thinking AI image recognition incorporation will keep your company ahead of competitors.

Google Street View

### Client Projects

#### Kroger

Collaboration with 84.51 to perform full store 3D buildout for data scientists.

#### 84.51

Facilities 3D tour created for employee recruitment and risk management.

#### Starbucks

Collaboration with Interbrand to perform site survey of 150 store locations pre store buildout phase.

#### FC Cincinnati

Collaboration with Glitnr ticketing system to provide 3D seat previews to boost ticketing sales.

#### Art Academy of Cincinnati

Facilities 3D tour created for employee recruitment.

#### Performance Plastics

Collaboration with Stonebridge Media on website & content creation.

#### Peter's Cartridge Factory

Collaboration with Platte architecture, brewery owner, and investors for CAD files, web marketing, & insurance.

#### Excel Supplements

Content creation & collaboration for new product launch.

#### Dayton Art Institute

3D Scan data converted to Field Measurements for Architecture

THE DAYTON ART INSTITUTE
